

For your Safety Civil Protection Test Alarm

**all over Austria on Saturday, 5th October 2024,
between 12:00 a.m. and 12:45 p.m.**

It is possible to warn or alert the population in case of emergency with more than 8.000 sirens.

To familiarize you with the civil protection signals and at the same time to test operability of the warning and alert system once a year **a Civil Protection Test Alarm is carried out all over Austria**, operated jointly by the Federal Alarm Centre at the Federal Ministry of the Interior and the offices of the governments of the Federal Provinces.

Meaning of the signals
